experience **expertise** // Having recently licensed a long-term care facility and commenced participation in the InterGovernmental Transfer (IGT) program, your hospital is adjusting to new relationships, including the financial reporting and oversight responsibilities of your long-term care facility operations. You need advice from advisors with wide-ranging experience. BKD National Health Care Group can help

INTERGOVERNMENTAL TRANSFER HELP

Your role as a member of management or a board member has been affected by the additional fiduciary and regulatory responsibility that comes with the IGT program. There are many questions that require long-term care expertise:

- How will you timely and efficiently identify a quality issue?
- How will you monitor the performance of the long-term care manager and compliance with the management agreement(s)?
- How do you establish, measure and disclose meaningful quality metrics?
- Above all, how do you work to ensure your hospital's reputation remains intact as you enter this highly regulated operating environment?

These important questions reflect the changing environment for county hospital management and board members. The professionals of BKD National Health Care Group are well positioned to ease many of your concerns through our depth of health care expertise.
