

HOME CARE AND HOSPICE AGENCIES

experience **expertise** // How can your agency succeed in an ever-changing health care environment? BKD National Health Care Group can help your home care or hospice agency improve financial health, operate more efficiently, improve clinical outcomes, comply with government regulations and overcome strategic challenges. We can help you understand the changing environment and show you how to adapt to those changes. **So you can forge ahead.**

FINANCIAL MANAGEMENT

AUDIT // Vet financial statements for compliance with accounting standards, help to strengthen internal controls, address important management concerns and help to improve operating efficiencies.

COST REPORTS // Prepare and file reports that accurately reflect costs and represent providers before fiscal intermediaries, the Provider Reimbursement Review Board and other regulators. Prepare interim and annual Medicare and Medicaid cost reports and comply with requirements of third-party payers.

TAX // Prepare and file returns for both proprietary and tax-exempt agencies. Assist with benefit plan design, compensation issues and estate planning for owners; apply for and maintain tax-exempt status; and monitor compliance with reporting and disclosure requirements.

BILLING SERVICES // Provide billing outsourcing services for Medicare, Medicaid, commercial insurance and self-pay claims. Manage accounts receivable recovery services; perform reimbursement accuracy assessments, revenue recovery services and compliance reviews; and conduct billing training.

ACCOUNTING OUTSOURCING // Prepare financial statements, payroll and associated reporting. Assist with accounting software implementations, cash flow projections, budgets and accounting system design.

OPERATIONS MANAGEMENT

EPISODE & CARE MANAGEMENT TRAINING // Review care management procedures to help improve resource use and achieve positive patient outcomes. Implement episode management practices for efficient operations.

OASIS ACCURACY ASSESSMENTS & TRAINING // Assess potential reimbursement opportunities or regulatory compliance concerns, implement improved patient assessment strategies and provide appropriate training.

ICD-9 CODE REVIEWS & TRAINING – Identify coding procedures that may lead to improper reimbursement or payment delays, review ICD-9 coding practices and provide training to clinical and billing staff.

PERFORMANCE IMPROVEMENT

OPERATIONS ASSESSMENTS // Evaluate key performance indicators, identify opportunities to reduce costs and increase efficiency to improve overall financial health.

PRODUCTIVITY & EFFICIENCY ASSESSMENTS // Help to evaluate operational efficiencies, improve resource utilization, implement effective compensation models and improve agency profitability.
