**Client Survey**

The survey was sent in October 2017 to core and impact clients (typically clients with $750,000 or more in assets under management) and retired partners. Current partners and employees of BKD were excluded from this survey. The survey was sent to approximately 630 clients. This survey solicited information regarding clients’ likelihood of referrals, satisfaction level, expectations and overall comfort with BKD Wealth Advisors. Satisfaction is not an indication of returns. Clients could remain anonymous in their responses. The survey response rate was 47 percent. The rating is an average response of all clients who participated in the survey and may not represent any one client’s experiences or future performance. BKD Wealth Advisors paid ActiFi to conduct the survey. Surveys were submitted directly to ActiFi and ActiFi calculated overall results.

Clients were excluded from the survey if they were not clients before January 2017. 401(k) plans were excluded from the survey. Donor-advised fund accounts were not included in the survey; however, the donor may have been surveyed as an individual account holder. Certain otherwise qualifying clients with no access to computer or email were removed from survey. Some clients were removed from the survey due to advanced age or severe medical conditions. Certain clients in midtransition from one advisor to another did not receive the survey. Some clients may serve in multiple capacities as a trustee and individual. Clients in this situation may have only received one survey. Certain otherwise qualifying client have opted out of this and future surveys as noted in BKDWA’s CRM.
